

e-Informatica Software Engineering Journal

(EISEJ)

Where Software Engineering Meets Artificial Intelligence

🌐 <https://www.e-informatyka.pl/>

e-Informatica

🔒 Diamond Open Access

Zero Fees – Truly Open

- No Article Processing Charges (APCs)
- No submission fees
- Free to publish, free to read
- Funded by Wroclaw University of S&T

◻ No Length Limits

Tell Your Full Story

- Complete methodology sections
- Full code and data descriptions
- Enables reproducible research
- No artificial page constraints

✉️ High Visibility & Impact

Indexed & Recognized

- Web of Science – IF: 1.2
- Scopus – CiteScore'24: 3.5
- CiteScoreTracker'25: 4.0
- DBLP, DOAJ, Google Scholar

📬 Rapid Publishing

Immediate Visibility

- Continuous publishing model
- Papers online upon acceptance
- No waiting for issue compilation
- Fast, rigorous peer review

⚙️ Special Focus: SE × AI/ML Intersection

Generative AI & LLMs

in Software Engineering
Code generation, testing,
maintenance, documentation

ML for SE

Defect prediction, effort estimation,
code analysis, automated repair,
intelligent assistants

Data Science in SE

Mining software repositories,
empirical studies, analytics,
evidence-based SE

📄 Contributions Welcome

✓ Original Research Papers

Novel methods, tools, empirical studies

✓ Systematic Reviews & Mapping Studies

Comprehensive literature analyses

✓ Research Agendas & Vision Papers

Future directions and challenges

✓ Guidelines Papers

Best practices, methodological guidance

★ Why Choose EISEJ?

★ International Editorial Board of SE experts

★ Constructive peer review process

★ Supporting reproducibility & open science

★ Published since 2007

★ CC-BY license for maximum impact
